## Corrective Surgery for 31 Children with Facial Deformities (SDAF 0003)

### Project Description:

In collaboration with the *Defensor del Pueblo* and *Carita Feliz* project, the SDAF partially financed facial surgery for 31 children in La Paz with cleft palates and cleft lips, enabling the children to live normal, healthy lives. Dr. Luís Monasterios from the Gantz Foundation in Santiago, Chile, performed the surgeries during the first week of February at San Gabriel hospital. U.S. Embassy and USAID officials participated in the ceremonial launch of the project.
