

## Computer Donation to Samasa Baja School, Potosí (SDAF 0004)

## Computer Donation to Samasa Baja School (SDAF 0004)

### Project Description:

The *Samasa Baja* school lacked computers and a technology program to train students to use computers. Through the SDAF, USAID donated a personal desktop computer and peripheral equipment as part of a broader computer training program for students. School representatives received the computer and equipment in a ceremonial hand-over in USAID offices on April 27, 2007.
