

# Refurbishment of Tocaña School Infrastructure, La Paz (SDAF 0021)

**BEFORE**

**AFTER**

# Refurbishment of Tocaña School Infrastructure (SDAF 0021)

## Project Description:

The SDAF funded the refurbishment of the *Tocaña* School, including: changing out the trusses, rafters, and roof; the construction of a cement foundation and floor; rewiring; window and door framing; stucco repair; interior/exterior painting; and other minor details. These improvements provide an adequate learning environment for the 24 primary school students and help strengthen cultural identity in this Afro Bolivian community.
